★ Success Story ★

Dr.'s Sheldon + Amir have greatly improved a problem I had been experiencing with my front tooth. 20 years ago I was in a water skiing accident that fractured my front tooth. 18 years later I had an unsuccessful root canal and two years of pain later I saw Dr Sheldon's commercial on TV about implants. I scheduled my consultation and while the thought of losing my front tooth was scary and getting an implant pretty scary too I did it. Well I am no longer in pain and the tooth (implant) looks great! Everyone in this office has been terrific, kind, + compassionate. I hope I don't have to have any more implants but if I do I will be back to this office.
