## ☆ Success Story ☆

*October 2008*

*In early 2007 I was referred to Dr. Sheldon, by my dentist, for possible implants for (5) front teeth. The first visit there was enough for me to know it was going to have the work done. Dr. Sheldon and his wonderful staff started to work immediately and the work was soon completed.*

*I look back at the visits (always pleasant and professional) and think how rewarding this has been. Now only a year later I realize how great it is to be able to eat anything I like, never having had any problems what so ever.*

*P.S. Thank you Dr. Sheldon and staff for the great pleasant experience.*
