

## Lee Sheldon DMD Patient Testimonial

I am not new to periodontists... I have had many experiences with them that have been less than positive & I pretty much stopped going... until I was referred to Dr. Sheldon by a friend of mine. I have nice teeth, but periodontal disease & Dr. Sheldon & his staff totally changed my opinions of "going to the periodontist." Not only is Dr. Sheldon very competent & professional, he is friendly with a good sense of humor! He also goes above & beyond when it comes to how he treats his patients. I have never been to a doctor of ANY kind that will give you his cell phone number after a procedure to call him with questions or concerns. Dr. Sheldon also called ME himself to check on how I was doing after a surgical procedure. Another really nice thing Dr. Sheldon does is send flowers! Dr. Sheldon's staff is top notch as well. From the front desk to the girls in back, everybody is pleasant & cheerful! Dr. Sheldon & his staff make me feel like I'm the most important patient during my visits. As a result of how well I've been treated, my periodontal issues are under control & I regularly see Rebecca for root planings. Thank you Dr. Sheldon & Staff for taking great care of me!
