Success Story – Robert McIver

How are those implants working for you? **Fine.**

Can you chew? **I can chew steak.**

Could you chew steak before? **No.**

How did your old dentures fit? **They wobbled in my mouth.**

And these? **Tight. They're wonderful.**

How were your teeth before? **My teeth were all crooked and they had to open my gum up and correct it and now they're all lined up with the implants.**

How was the implant surgery? **It wasn't bad. The nice thing is they did it all at one time. They didn't drag it out. They had good equipment in there.**
