

Dear Dr. Sheldon,
How do you thank a Miracle
worker. — I will try. As you
know I am a scary cat type of
person when it comes to surgery.
Well, you Dr. Sheldon, put me at
ease on my first visit. I came
through all the procedures
with flying colors. I am grateful
for your wonderful work on
my teeth. My mouth is now
very happy, and it is due to
your wonderful knowledge
and kindness. Thank you,
Thank you. Also, your staff
is wonderful, but again it takes
a good Captain to run a smooth
ship. I wish peace, to you
and those you love.

that you've done for me.

May our Lord Bless you with
