☆ Success Story ☆

The staff at Lee Sheldon's office are friendly and work very well with you scheduling appts. I was very surprised at all the issues that my periodontal work addressed. It was difficult to feel my top teeth lined up with the bottom, wearing a bite guard helps, however, the periodontal work was the major factor in helping my bite feel correct again and now I can maintain it with my bite guard. The cleaning also eliminated the very bad breath I experienced along with the foul taste in my mouth. I no longer get ear aches and pain in the back area of my mouth. My mouth feels fresh and healthy and no longer do I rinse and have a mouth full of blood after flossing.
