☆ Success Story ☆

When my dentist told me I needed to see a periodontist about a problem with my gum tissue, I thought "Oh No!" This is going to be awful and painful. Well, pretty much, the opposite is what I experienced. Dr. Sheldon and his very capable and kind assistants made the experience as painless and pleasant as possible. I had a soft tissue surgery and it wasn't bad at all. The worst was some discomfort and a little pain in the recovery. But overall, I'd say it was no big deal. I think Dr. Sheldon and his lovelies are the greatest!
