Well, let's say this about that...

Somewhere in the late '80's (yes, last century) I was hit by a spine-board. (Essentially a half sheet of 1/4" plywood) right in the jaw. Cracked a tooth. Back then, all they did was pull the tooth (on my case teeth).

Referred by Dr. Teul, I found a super charged friendly, fun and professional staff. Essentially multiple implants later I have a great smile - lots of follow up to assure it's really right and 20 pounds to lose - Yes, eating became a pleasure and I overdid it.

Thank you
