New patients have not had the chance to experience what you have. With your help, they can feel more comfortable about beginning their periodontal program.

Have you had a memorable experience at Dr. Sheldon's office and want to share it with other patients? Here is your chance.... Please take a few minutes, put your thoughts into words, and share your...

☆ Success Story ☆

On June 5, 2000 Dr. Sheldon [☆] installed 3 implants and 3 temporary implants on the upper left side of my mouth ~~temporary~~ where a temporary bridge was going to be installed while waiting for the ^{permanent} implants to be ready for use. On June 26 ~~the~~ a temporary bridge was made and installed and installed. It only took about an hour on the 26th and was quickly installed and fitted. No pain or problems with any of this process. In six months or more the temporary is to be replaced but it is great having teeth for appearance and eating. I'm really happy with this whole experience.

Patient Name: Patt Johnson
