☆ Success Story ☆

Dr Sheldon + STAFF

When I mentioned to friends about what I had done. The implants & cost, they mostly thought I lost my mind. Then I explained to them, as you get older you give up so many pleasures. One of the few pleasures left is eating while I'm eating & enjoying every bite, there you are talking trying to ^{keep} those teeth. God forbid you cough or sneeze. Swallowing that nasty glue, getting gum blisters and being all around miserable. Here I am with a beautiful smile, eat anything I want, no mouth problems, no awful taste.

All I can say thank god for Dr. Sheldon + STAFF. And thank god for implants. You have made my life. Sun, do to the new look and eat anything. Yes.

Thank you Thank you so much

Trish
