★ Success Story ★

Dr. Sheldon has restored my faith and belief in the dental profession. He was right on the button regarding the necessary time frame.

The initial extraction and implants were nothing short of miracles - absolutely no ensuing pain or discomfort. Follow up care was always as pleasant as could be expected and always in a professional manner.

The office staff also deserve a special "thank you". They were always in a good mood, pleasant and extremely professional.

Personally, I would have no problem recommending the services of Dr. Sheldon and his staff.

Many, many thanks
