### ☆ Success Story ☆

When my dentist informed me that my eye tooth had decayed to the gum line under my crown and that there was nothing I could do but go to Dr Shelton for an implant, I was frantic. I had not had a tooth pulled since I was a teenager and the thought of that scared me to death.

But I had no other choice. So I went to Dr Shelton and I can truly say he made my entire procedure painless and he calmed all my fears. He pulled my tooth and I didn't even know it. The implant procedure also went smoothly.

Dr Shelton is the best dentist I have ever gone to. I don't know where his fingers go when they go into your mouth but you don't feel any discomfort.

He and his entire staff make your visits an adventure rather than a dreaded trip to the dentist. And if you are very good, you might even get flowers.
