I would not he sitate in having another Implant with DR LEE SHECTION and his professional, caring staff. I did have a reaction to the surgery but that was just me. Dr Sheldon and his staff went out of their way in making size everything was O.K. and overall the Implant hours been very succentule and I now have a talk set of teeth I work. As I said if I have to have another implant I would not he situate to come back to DR SHELDON and have no reservations in recommending his services, and staff to other people
